Zarix (ZAR) – Whitepaper

Solgan

"Value from the Past, Power for the Golden Future"

Introduction

Zarix is an innovative cryptocurrency inspired by the glorious civilization of ancient Iranian. It aims to build a fair, inclusive, and prosperous future using modern blockchain technology, while acting as a bridge between rich Iranian culture and digital finance.

Project Goals

- Establish a sustainable financial ecosystem focused on HODLing and value preservation.
- Introduce Iranian culture and heritage through blockchain innovation.
- Develop a fast, low-cost custom blockchain with unique features.
- Attract top blockchain talent to build Zarix's golden future.

Token Basics

Name	Zarix
Symbol	ZAR
Total Supply	500,000,000
Public Supply	Up to 300,000,000
Current Network	Binance Smart Chain
Future Network	ZarixChain (custom blockchain)

Token Distribution

Section	Percent	Description
Early Investors	10% - 20%	Initial fundraising
Public Sale	5% - 15%	Available for public
Team and Founders	10% - 20%	Long-term motivation
Advisors	2% - 5%	Key advisors involvement
Development Treasury	10% - 20%	Development and innovation
Community Rewards & Airdrops	5% - 10%	Ecosystem growth
Mining/Staking	20% - 40%	User participation rewards

Key Features

- Cultural Inspiration: Brand and concept rooted in Iranian symbolism.
- Comprehensive Ecosystem: A complete blockchain-based financial platform.
- Growth Potential: Early investment rewards with long-term HODLing.
- Custom Network: Transition from Binance Smart Chain to Zarix's fast and low-cost chain.

Project Roadmap (2025-2030)

2025
- Phase 1 - Project Launch (Q2): Token launch on Binance Smart Chain, brand and website setup, whitepaper release.
- Phase 2 - Fundraising & Early Dev (Q3-Q4): Private/Public sale, initial airdrop, team building, ZarixChain design.

2026
- Phase 3 - Testnet Launch (Q1-Q2): ZarixChain testnet, staking, Zarix wallet beta, partnerships.
- Phase 4 - Mainnet Launch (Q3-Q4): Mainnet release, asset migration, exchange listings.

2027
- Phase 5 - Ecosystem Expansion: DeFi platforms (ZarixSwap, ZarixLend), NFT projects, cross-chain bridges.

2028
- Phase 6 - Infrastructure & Scaling: Optimized TPS, DAO governance, dev APIs, partnerships

with cultural bodies.

2029

- Phase 7 - Globalization & Innovation: Listing on top exchanges, global brand partnerships, ZarixChain v2, stablecoin.

2030

- Phase 8 - Maturity & Decentralized Governance: Full DAO, Zarix Academy, real-world apps in education, health, tourism.
